“ It’s hard to believe it’s been almost a month since we lost Al. We shared time in a band years ago, and music was always at the heart of who he was. Al loved fishing just as much, and both passions showed his joy for life. My son will always remember him as “Rock and Roll Al,” a name that captured his spirit perfectly. He was like a brother to me, and I’ll always be grateful for the laughter, music, and memories we shared. My heart and love goes out to Harry, Sandra, and Cathy—I am so very sorry for your loss.

We are so sad to hear about AL. He was a great bandmate and friend. So many fun gigs and so many great memories. He was funny as hell with that quick wit and unique perspective on life. We will always remember him and cherish the times we got to hang out and rock! Our hearts go out to all his family and friends. Much love to Brone, Cathy, Sandy and George. XOXO Tex & Yo

“ *Al,
I am still in shock over your passing. This seems so surreal. This hit me different. It really has hit me hard. I have had such a feeling of emptiness since I heard this dreadful news. I can't get you off my mind but I am so glad you are in it and that alone will last a lifetime. Although we lost touch over the last few years, you always held a special place in my heart and you always will. I will cherish all the wonderful times, the laughter, the fun, the tunes, the tube (lol), and all of the knowledge you shared with me over the years. My thoughts and prayers are with everyone affected this, especially your sisters and brother, now and always. You were certainly one of a kind and it has been my pleasure knowing you and enjoying all of the special gifts you had to offer. Rest easy...XO
Love Always,
Jennifer*
