

Alveri Costa-Mello

December 19, 1926 - August 3, 2021

Al (Breezy) Costa-Mello was 94 years old. He was born in North Providence, RI.

Having his wishes granted, and the wonderful care of the HopeHealth Hospice Team, passed away peacefully at home in Foster, RI with his family at his side.

He grew up in North Providence, RI and loved reminiscing about times there. He spoke a lot about his beloved mother, the late Caralina Maria Pacheco. He enjoyed telling stories about his 1945 Harley Davidson motorcycle.

He was employed as a young man by Greenhall Mills in Esmond, RI. He decided he wanted to move to the country. North Providence was getting to commercialized for him. He bought his farm in Foster, RI over 60 years ago. He had several types of livestock over the years.

Al loved his family and his farm. He enjoyed his gardens. He even had a nine pound tomato one year that the local newspaper took interest in....he was so proud of that article. He always had a love for horses as a source of enjoyment....even in his nineties he enjoyed watching them run around the corral. His favorite activity was Bingo and he had lady luck on his side several times and enjoyed the community there.

Alveri is survived by his son, Alveri Costa-Mello, Jr. (Leslie) and son, Laurence Costa-Mello, Sr. (Denise) and three grandchildren. He is survived by his companion Lucretia Rotondo. He had many nieces and nephews. He was preceded in death by his parents, his sister, and five brothers.

Services provided by Winfield & Sons Funeral Home & Crematory will be private.

If you would like to make a donation in honor of Alveri please do so to HopeHealth Hospice of RI.

“ *My gratitude for the time I spent with my friend Al. His wit, his wisdom, his hospitality, his laugh, his spirituality will remain with me throughout my days. Thank you Al for being a man of integrity and grit. You often made my day. Looked forward to our visits. Go with God.*

CH

Mr. Cosra-Mello use to let me drive his car when I had my permit and he taught me not to close my hand on the steering wheel thus keeping my thumbs from being inside the wheel where if something happened one could loose their thumbsit is funny the things one remembers but that always stayed with me and to this day I do not wrap my hands around the steering wheel and if I lapse, I can hear him telling me not to do that. He was always good to me when I use to spend a lot of time there. May you rest in peace Mr. Costa- Mello and my condolences to his family. I hold many wonderful memories.
