

## Anthony J. Rainone

June 27, 2024

Anthony J. Rainone, 70 passed away unexpectedly June 27, 2024.

Born on May 15, 1954, he was a lifelong resident of Johnston, Rhode Island.

He was the son of Margaret (Mancini) Rainone and the late Carlo Rainone.

A man of many talents, he utilized them in the home improvement industry for over 50 years.

He leaves behind two children Anthony J. Rainone, II of Johnston, RI and Matthew J. Rainone of Trenton, Florida. He also leaves behind 4 grandchildren, Ella, Jameson, Lilianna and Lavina Rainone and two brothers Carl and Alan Rainone.

He will be sorely missed by all.

Burial in Highland Memorial Park Cemetery will be respectfully private.

“ There are so any memories I have with Tony over the last quarter century. He was one of my best friends and my memory to share is lunches together. So so many afternoons sipping a few beers and having weiners at our favorite spot, Or the lunches his mother Marge would make us so she knew we ate. The talks and advice will stay with me forever. There was only one Tony. My sincerest condolences in your time of grief.

“ Tony, I'm so sorry I can't attend your services, for I'm in vegas taking care of my mom. The last I heard you broke your hip and was in the hospital. I been thinking about you constantly. You and I had lots of years, you met me when I was 7 then reunited when I was in my 40's. We worked together we had several good times together, I'm going to get back to Rhode island eventually and I'm not going to be able to come see you, and that's going to hurt me. Well, I know you won't be suffering anymore sitting in that chair which you hated cause you couldn't climb ladders which you loved to do. Whenever I seen you I kissed your cheek cause I had much respect for you my friend. im going to miss you. Rest in peace, but stir the pot every chance you get buddy!!! I love ya Tone!!!!

*Kathy and I want to send our deepest condolences to Tony's family. The day before passing he called my sister and his favorite way of addressing her was Kate or Kat in the hat. My sister and Tony had a special bond even after we moved to North Carolina. We were all long time friends, more than friends. Despite his hard exterior he had the heart of a marshmallow. Tony was a loving caring person that never turned his back on anyone in need. He was our knight in shining armor who did everything and more for my sister and I. He had a quick witty sense of humor like no other. He always had us laughing. He showed us his sensitive side more than once with heart felt tears. My sister and I had so much more to do with Tony. He deserved so much more in life. Tony you will never be forgotten, you will always be in our hearts and even though you are gone our love for you will never die. We were more than friends. Now that you have your wings fly over our house and give us a sign to let us know you visited. We miss and love you so much.*
