“ Today was a day I was hoping would be a long time to come. We all saw you off in the best way we could with much love honor and respect. I myself tried my best to talk of you and do you honor in your passing. As you did for me my entire life I in turn wanted to be able to speak of you the best I could. I want to thank you for being the best Uncle a man could have and for always being there when I needed you. I love you dearly and will always miss you much. In simple words Uncle George you have been a inspiration in all our lives and with great remembrance. Thank you for just being you. Love always Harold jr.
