June 26, 2021

Hilda Hannah Bloomberg, known as Hannah, passed away on Saturday, June 26, 2021 after a long illness. She was surrounded by her family of friends during her last days.

Hannah was born in Brookline Massachusetts. She graduated from Boston University and worked at Charles River Hospital. Hannah enriched the lives of many friends and co-workers in the Boston area through the 1990's. After graduating with her Masters in Social Work from Simmons College, she attained her LICSW. She then moved to Rhode Island where she worked at Arbor Fuller Hospital, Kent Center and Westwood Lodge prior to starting her own private therapy practise. She thrived in being able to help others.

In Rhode Island, Hannah met her beloved husband Richard. Together they rehabilitated and personalized their beautiful home in Scituate, which they shared with many friends and their beloved dog Bella. Hannah continued her lifelong talent and love for drawing and painting, joining and inspiring other local artist friends. She often gave away her beautiful paintings, just as she always strived to give of herself to others. Hannah was also an advocate of progressive politics, supporting change and always ready to engage in vigorous discussions.

Hannah also enjoyed yoga and walks. She had a great sense of humor and

was a loyal friend. She is survived by a loving group of lifelong friends from Boston and Rhode Island. Hannah's husband Richard Chiaverini predeceased her in 2015. Her brother Victor Bloomberg passed away in January 2021.

A celebration of Hannah's life will be determined at a later date. Donations are welcomed to HopeHealth Hilitar Hospice Center, Providence, Rhode Island. Please share memories in the Facebook group, "Hilda Hannah Bloomberg - Memorial."

“ I met Hilda (Hannah) when we were both at a low point in our lives. I needed somewhere to live, and she told me her father had a rooming house. I lived there from 1976 to 1983. I wish I had looked her up earlier, to tell her thank you for her friendship at that time and to rejoice in the life she created of caring for others - as have I. Thank you. You were a good, compassionate woman.
