“ How can I possibly put into a few sentences all the wonderful memories I have of my grandma, they are innumerable. She had the best sense of humor, she absolutely loved to laugh and kid with everyone. You could never play enough rummy and boy did she hate to lose, if she lost it was because and I quote, "you cheat!" LOL We played hours and hours of cards or rummy cube her other favorite. I'm thankful for all the videos I took of us all playing rummy this past summer and her yelling at us if we won or got distracted while playing. I loved sitting and working on puzzles with her or working on puzzle books together. Then there was so many childhood memories I cherish. She was feisty and that feistiness I think helped get her through battling cancer more than once and other health issues she faced towards the end. I will miss her like crazy, I already do. I can't even put into words just how much she is missed, how much I will miss her laugh, her calling someone a hot ticket, all the little things she would say or do, just her voice and her face as we regularly video called her since we live too far away to visit more than once a year. I am so thankful to my God for giving us the time we had with her, and for our last trip up this summer, we had such a good time and made special memories i will forever cherish. I thank my Aunt Kelly and Uncle Jeff who took such amazing care for her all these years and to whom I'm so thankful and blessed to have. I love you more than words can say! Love, Meghan, Jeremy, Ashley and Tyler

“ *Sara and I count it a privilege and honor to have known Mrs. Murphy. She was always a blessing to our hearts to be around. I remember kidding with her calling her "BobCheese" as a play on Babcia, she had such a wonderful sense of humor! Please know that you all are in our thoughts and prayers. May God bless and keep you all!*
