“ John , I pray you know how much you are loved! My family and I feel soo blessed to have had you back in our life , I think that was God's plan , I just wish I knew then that our time together would be so short , I would have held on tighter. But I knew you were in pain and that is gone now. Keep smiling in the sun sweet man. 🌹✝️❤️

“ RIP my very dear friend. I will remember you always. So many memories - from our moms introducing us as children, to neighborhood shenanigans, hanging with friends, weekend movies, Sutton Street & Willow Field fun, growing into adults, the awe of watching you open and grow your flower business. I am so happy that you always followed your dreams and were able to see the world as much and as often as you wanted. You lived life to the fullest, were a friend to so many many people. I can picture "Mom & Dad" welcoming you in heaven with the biggest smiles and the most prideful hearts. We lost you too soon my friend. My health is preventing me from saying a proper goodbye, but I have our last dinner together to remember and remind me of what a special place you will always have in my heart. God Bless you in your sorrow, Robin. You have just one more very special guardian angel watching over you. 🙏🙏🙏

“ Buddy, I'm so grateful for our friendship and the years we spent having fun, going to Nascar festivals, Maine and other places. You had a heart the size of Rhode Island and were always a true friend. My family and I will always remember and appreciate the time we spent together. Holidays, summers, great food and concert experiences. We are in shock still but we know you are in a better place with your mother, father, and Alex. I know you will look after Luciana and take care of her. Buddy, you will be missed by many people. You touched many lives and your generous, loving nature will not be forgotten. RIP Buddy

“ We were so sad to hear of John's passing. He was like a member of our family! We came to know John when my husband stopped in to his florist shop one day to purchase a "Love bunch" for me. This became a routine and almost every week he would go in a get a bouquet. Obviously, with John's outgoing personality, they would talk and they became friends. Then I started to go to his shop when my husband could not and again, we would chat and we became friends. I do birthday dinners for my family members and I love setting a pretty table with flowers and matching napkins. At first I would just get a bouquet of flowers from John and then he began doing center pieces for me. I would drop off the napkins I chose and he would come up with a design. How he loved doing this and we had a lot of laughs and a lot of hugs over his designs. I would send him pictures of my table and he would write back immediately and comment on how beautiful everything looked. He used to joke that we should go into business together!! This went on for several years! We were due to have lunch with John and catch up after he returned from his last cruise. Our hearts are broken, but we know that he will be making beautiful floral arrangements in heaven. Rest in peace our dear friend and know that you were loved.
