“ Dear Judy,
I'm happy for you that you are no longer lonely and missing all the people that you loved to visit with over the years. I am so happy that I got to hear you giggle several weeks ago and I wish you well on your next journey and I am sure you are enjoying visiting with family that have gone on before you and have anticipated this great reunion. Thank you for my early years of learning to keep a clean house and I wish I could have one more time to eat your fabulous Liver & Onions and sharing your Wise Potato Chips with me! Thank you for introducing me to Palisades Park in New Jersey and Rhode Island and expanding my world! Love, your little sister, Patti
