“ *Cousin Honey was such a special person...she was compassionate, gentle, funny, caring, dependable & reliable. She found the goodness in everyone she met. I never heard her speak cruelly about or to anyone. Over the past 70 odd years, we cousins have had some crazy, fun times - I can hear her sweet laughter even now.*

“ *I remember Honey from before I could walk. She was the most kind, funny and adorable person I have ever known. When we would visit she would smile from the time we arrived until we sadly said good bye till next time. My she would be there the minute something horrible happened to one of our family as well as being there to celebrate the greatest moments in our family. I could go on and on forever with the wonderful memories she has left in me but there isn't space here to do it. You know what a wonderful mother and friend she is because of the 2 beautiful children she raised. I will miss her smile and laugh forever. Shel, D, Tom, Laura and boys we wish with all our hearts we could be there to wrap our arms around you all. Please know we are thinking of you. All Our Love S

*She was my good buddy and my beloved cousin. She was a very sensitive person who could hurt easily but always put on a brave face. Her greatest love was her two kids Shel and Tom. A close second was her grandkids and the spouses of her kids. Life was challenging for her and frequently painful that she shouldered without complaints. I'm sure that although her overall health had deteriorated in her later years, she lived with joy in a home created by Shel and Danyel, for her. She was surrounded by unconditional love until her death. I will remember our adventures at the CA lighthouse and her boisterous laughter. She will always remain in my heart. Until we meet again Honey!*
