“ *Maryellen and I had so many good times in high school. So many nights in breakwater village, hanging out at the stand and having fires on the beach! So many good times after school and concerts we went to. I have thought about you often and hope life treated you well. Save me a seat on the other side! We will have some more laughs! Rest in peace. MEF.*

“ *We will miss Mary Ellen so much, as will so many. I first met Mary Ellen when her sweet fur baby Andy was with us. It was nice to be able to share with her some of the same things I had done with my baby. Mary Ellen had the biggest heart of gold. She cared so much about her babies Annie, Zephyr & Echo. All our love and prayers to her family and friends.*

“ Well it’s been a week without you and yet it feels like yesterday and forever ago. I miss you so much Mary Ellen. Annie is doing great, considering. I know things didn’t go and aren’t going as YOU planned but God had a GREATER PLAN FOR YOU! You are pain free and can take deep breaths of fresh air. You will be missed “Mom”. I LOVE YOU! ❤️ Hug my Dad for me ...

“ I met Mary Ellen via Instagram about 4-5 years ago. We both had Instagram accounts for our pets. She was a very kind person to talk too and we would exchange Christmas cards every year. I will miss chatting with her and exchanging Christmas cards.

“ Mary Ellen was such a kind and caring person to everyone she knew. She had a heart of gold. I am saddened to hear that she passed away. She leaves behind a massive IG animal community who deeply cared about her and her furbabies & also loves them like they were our own.

Remember, Never fault someone for their failures, if you aren't willing to help someone overcome them & let the bygones be bygones because there is a bright future that lays ahead that should not be tainted with this rocky road we must surpass. Believe me, everyone will face this rocky road at some point.
