“ *Uncle Ralph, you gave us so much love and joy and put up with all our antics. We had so much fun with you and you will be with us in our hearts forever. Thank for being a caring, loving Uncle, even when we called you Unkie Gunc. Rest in peace. Love Andrea.*

“ *My cousin who was my brother. Picture cards, playing marbles building model cars and planes....such fond memories. Ralph was a caring, intelligent soft spoken man with an incredible memory. As Vera would say he was Rhode Island's best mixologist. Many the smile he put on her face with his famous concoctions. Ralph will be sorely missed but heaven is now a better place.*

“ *Uncle Ralph, I miss you so much! You were so kind to me as a young kid coming into the beautiful Iannucci family. I remember long talks hanging out with you and looking at all your model cars and ships you built and other cool things you collected. I especially remember watching you build the model train set you made into a coffee table. I loved it when you moved to California for a while. I thought you were the coolest and smartest Uncle working for Apple Computers when they were just starting. I felt so special when you invited me to your apartment and you made us dinner and we just hung out. I miss you, Uncle Ralph. You were truly special!*

Ralph was a dear friend and godfather to my son Stephen. He was always very good to me, and when I visited him, he made me feel like royalty. He would always make me one of his special drinks, and he made special foods when he knew that David and I would visit him and his sisters. He was a gentle soul. I am sure he is with God, because he was a good human being. When I go to Holy Cross, I will feel close to him, since he was always their helping out in some way. Rest in Peace my friend, I will not forget you.
