“ Sandy returned home after traveling overseas, maybe Japan or China(?). She called & said she was sick, then dropped the phone. It was before 911, so I called the police, fire dept. & ambulance. When they found her she was unconscious? & dehydrated. She was hospitalized overnight but came back stronger than ever.

“ *While in high school, Sandy & I worked together at the Gay Nineties Restaurant & ice cream shop. (as I did with my sisters Karyn & Debra). We walked uptown at 5 a.m., opened the store at 6 & worked until school began. We often returned after school as well. One morning I was startled awake thinking we were late for work. I hustled Sandy up & we headed to the shop. Half way there Sandy yanked my arm & said "for God's sake Pauline...it's Saturday!!*
