Tribute Wall

“ I love you Shannon. You forced everyone to laugh uncontrollably in our Votech environmental science program. Serenading Mr.D and Pingly with Romantic R&B no matter what they said until they had to fall apart laughing too.
You did things for me that changed my life.
I'll be looking for you on the other side.

Love, Kat

“ I was in Shannon's life since she was 4 years old. What a pretty little girl. Time went fast, she graduated high school, turning into a beautiful young lady. She had taken a job in dietary department at a local nurseing home. Then came Christopher Gormley, they moved in together, and then came Chris Merton Gormley a handsome boy. Time goes by, what happened was a tragedy. We will all miss her beautiful smile, thoughtfulness and her caringness. May you rest in peace.
