“ To Sharon family,
I didn't learn of Sharon's passing until years later, from Lenny. When I looked for what services and where she would be buried, I couldn't find it. I just tried her maiden name yesterday 05/05/2026 and found this. After becoming a new mother for the first time Sharon and I hadn't kept in touch for a long time. I never forgot about my best friend growing up. I'm so very sorry for your loss. To Sharon, I wish I could of been there for you and helped you. I thought about us as children all the time and wondered where you were in life. RIP You are surely missed
