“ Back in the summer of 1996 I decided I needed to learn how to workout in order to make the varsity basketball team. My mom took me to OSG and we met Tommy and she signed me up for six months.

Thereafter, I would ride my mountain bike from the other side of Johnston to the gym where Tommy would show me basic movements with free weights and machines. He even let me workout with him for the first three weeks or so!

From that point on I would drift in and out of the gym over the years. However, every time I went in the gym Tommy would speak to me like I never left and the conversations were genuine and real!

The friendships I have made through the OSG sanctuary are precious. Tommy your impact on so many lives will reverberate through generations to come. You have done God's work here in Earth and I'm confident you are spotting the best lifters and beginners up there in Heaven.

RIP Tommy

“ There was simply no one like Tommy. There are not many people who have had the positive impact on multiple generations of lifters and New Englanders than Tommy did. RIP Tommy, you will be truly missed.

“ Very shocked and saddened to hear about Tommy's sudden death. As a member of Ocean State Gym from 1986-2002, I have vivid memories of my time in the gym and they all revolve around Tommy, or TK as I used to call him. Even after life changes took me away from the gym, I'd stop in from time to time to say hello and Tommy treated me as if I'd never left and he'd seen me yesterday. He was a salt of the earth kind of guy and the culture he created at Ocean State was unique and of another era. It will never be duplicated and the same can be said of Tommy. RIP my friend. Tommy was a class act, he ran a great gym and I enjoyed working out there and boxing when he had the ring set up many years ago. Thank you Tommy for providing a great friendly atmosphere where me and my friends could gather and workout. My sincere condolences to the family. RIP buddy!

I have many fond memories. Growing up and living next-door to Tommy, David , Stanley, and Elda. They were wonderful, neighbors and friends to my parents. Tommy always greeted me with a smile and a kind word. He was a simple man who dedicated his life in service to others. He will be missed. God bless your soul Tommy. You died on the same day my daddy died, 11/24, and all the Scotti family loves you..

For decades, Tommy and OSG became synonymous, an open sanctuary, welcoming anyone, regardless of personal situations.

Like Keith Trombley said, Tommy was a genuine friend, trusted confidant, and always available with advice, generosity, whatever necessary to help a member of the OSG family.

OSG was a home for many of us and it was Tommy's kindness, hospitality, sense of humor, and enthusiasm that filled the air and created that special feeling of safety and security and being accepted despite any of our own weaknesses and idiosyncrasies.

Tommy and OSG have literally saved lives and prevented many a suicide through that special spirit and special manner.

Words are not enough and can't really explain the trusted atmosphere and personal friendships when members of OSG confided with Tommy.

The loss is devastating and his absence leaves a monumental gap, a hole that can't be filled, a void like outer space and pictures and memories are all we have left to remind ourselves of how precious Tommy Kloza was as a human being.

Tommy was there for me, more than I can explain on this web page. Tommy accepted me and my troubles, tears, and tribulations, and found energy to support me and many others the same way.

I owe Tommy debts of gratitude that could never be repaid. So do many others for sure!

Tommy, I'm sorry for the bad times, and eternally grateful for all the good times and your amazing friendship. I've always shouted your name out loud, during random moments and adrenaline rushes, just letting out the happiness of being part of OSG and knowing you.

I shout your name with tears today. Goodbye Tommy, my friend and brother, always loved you and will NEVER forget you!

" Ocean State Gym, if you can't do it here, you just can't do it! "
